Our File No. 230593.0075

Dear Sir:

On behalf of Comstock Oil & Gas - Louisiana, LLC, application is hereby made for a public hearing to receive evidence concerning the issuance of an order pertaining to the following matters relating to the Hosston Sand, Reservoir C, and the Hosston 8800' Sand, Reservoir A, in the Vixen Field, Caldwell Parish, Louisiana:

1. To permit the applicant to drill, designate and utilize the Comstock Oil & Gas-Louisiana, LLC - Woods et al No. 1 - Alt. Well, at the location shown on the plat attached hereto, as an alternate unit well for HOSS RC SUE and HOSS 8800' RA SUA.
2. To explicitly find that the proposed alternate unit well is necessary to drain a portion of the Hosston Sand, Reservoir C, and the Hosston 8800' Sand, Reservoir A, in the Vixen Field underlying HOSS RC SUE and HOSS 8800' RA SUA, which cannot be efficiently and economically drained by any existing well in such unit.
3. To permit the operator of HOSS RC SUE and HOSS 8800' RA SUA to produce the unit allowable for each of such units at a rate equal to the combined rate at which the unit well and the alternate unit well are capable of efficiently producing.
4. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Hosston Sand, Reservoir C, in the Vixen Field, Caldwell Parish, Louisiana, is fully defined in Office of Conservation Order No. 139-N, effective December 9, 1982.
